Grant Improves Water System in Village of Mt. Victory

The village of Mt. Victory (Hardin County) will receive a grant to improve the village water system. The grant is from the Community Development Block Grant, Residential Public Infrastructure Program.

The village will receive a \$500,000 grant to replace approximately 12,000 linear feet of waterline and install 250 water meters. The project will benefit 222 households in the area.

“Efficient and safe water systems are integral to providing a strong quality of life for Ohioans,” said David Goodman, director of the Ohio Development Services Agency. “Reliable infrastructure also better positions our communities for economic development.”

The Community Development Block Grant Program is administered by the Ohio Development Services Agency’s Office of Community Development.
